MANY VACANT CHAIRS

Scarcity of Senators Due to Epidemic
And Inclement Weather.

REAPPORTIONMENT BILL REPORTED.

No Amendment Made to the Measure
As It Passed the House—Consideration
of Army Reorganization Bill
Resumed—House Pension Day.

Washington, Jan. 11.—Only 17 senators appeared on the floor at the opening of the senate. The prevailing epidemic of la grippe and inclement weather accounted for the absence of many senators.

Mr. Carter, chairman of the committee on census, reported favorably the reapportionment bill passed by the house. The senate committee offered no amendments. In view of the importance of the measure, Mr. Carter asked for immediate consideration. Mr. Hawley, fearing it might interfere with the army reorganization bill, was inclined to object, but was prevailed upon to withhold his objection. After it was read Mr. Pettus (Ala.) objected to further consideration, and it went over. A house bill providing for the holding of circuit and district courts in the Eastern district of Arkansas was reported favorably from the judiciary committee and passed.

The resolution offered by Mr. Teller (Colo.) providing for the printing of the Filipino appeal was by consent laid over until Monday.

Consideration of the army reorganization bill was resumed. Mr. Hawley, chairman of the committee on military affairs, withdrew the committee amendment providing for the retirement of officers on the active list of the army. Mr. Teller also withdrew his amendment to that section. Mr. Hoar (Mass.) formally offered the amendment of which he had given notice, providing that no further military force shall be used in the Philippine islands except such as may be necessary to keep order in places in peaceable possession of the United States, etc. Mr. Carter, a member of the committee on military affairs, moved Mr. Hoar's amendment be laid on the table, which prevailed—32 to 19. Mr. Pettigrew's amendment providing that one-third of the appointments to commissioned rank in the regular army should be made from officers of the volunteer army was defeated.

In the House.

It was pension day in the house. Before the regular order was demanded some routine business was transacted. Feb. 9 at 2 p. m. was set aside for paying tribute to the memory of Representative Daly of New Jersey.

More Oleomargarine Oratory.

Washington, Jan. 11.—The senate committee on agriculture did not succeed in closing its hearing on the oleomargarine bill Thursday. E. S. Peters of Texas, president of the American Cotton Growers' association, was first heard Friday. He opposed the bill on the ground that it seeks to discriminate in favor of one agricultural interest against another. Secretary Knight of the National Dairy union followed Mr. Peters, continuing his argument begun Thursday. He thought the cottonseed oil used in oleomargarine was comparatively small, and that the passage of the bill could have but little effect upon the cottonseed industry.

Coming and Going.

Washington, Jan. 11.—The adjutant general received a cable message from General MacArthur saying the transport Sheridan sailed Jan. 10 with 27 officers and 654 enlisted men of the Thirty-seventh volunteer infantry and that the transports Logan and Lenox had arrived at Manila.

Hay Has Recovered.

Washington, Jan. 11.—Secretary Hay continues to improve, and had it not been for inclement weather he would have returned to the state department. It was deemed better, however, that he remain indoors a little longer, although he has practically recovered.

Not Officially Confirmed.

Washington, Jan. 11.—The state department is unable to give official confirmation to the report that the Chinese peace treaty had been signed by the Chinese envoys.

Strauss is Better.

Albuquerque, A. T., Jan. 11.—The malady from which Edouard Strauss has been suffering has taken a turn for the better. He left for Denver to join his company, although his physician said it was not prudent and advised him to remain quiet another day.

Columbus, O., Jan. 11.—G. W. Dozer, 54, formerly of Zanesville, O., died from an overdose of laudanum taken to relieve pain.

CUBAN COURTS MARTIAL

Enlisted Men Endure Disgrace to Get
Out of the Service.

Washington, Jan. 11.—Special orders emanating from the department of Cuba contain the records of 22 courts martial of privates, charged with drunkenness, absence without leave, forging passes and other offenses, "to the prejudice of good order and military discipline." General Wood recently called attention to the increasing number of misdemeanors of this sort, and stated as his belief that the enlisted men were taking advantage of the article providing for dishonorable discharge after "five previous convictions by summary court within a year" to get out of the service. Out of the 22 cases above referred to, only in six was the sentence of dishonorable discharge approved. In three of the others the prisoners were sentenced by the court to dishonorable discharge, but these sentences were disapproved by the department commander and mitigated to forfeiture of pay and confinement at hard labor.

CHARLESTON FAVORED.

Board Recommends Removal of Naval
Station From Port Royal.

Washington, Jan. 11.—Secretary Long has made public the report of the board of naval officers concerning the establishment of a naval station on the South Atlantic coast, and more particularly with reference to the relative merits of Port Royal or Charleston, S. C., as the site for this station. The board recommends Charleston, reinforcing its views with an elaborate statement of the advantages of that place over Port Royal. A dissenting view is presented by Rear Admiral George Sumner, who favors a retention of the naval station at Port Royal.

Searching the Statutes.

Cincinnati, Jan. 11.—Nothing further has been done in the controversy over the Jeffries-Ruhlin fight Feb. 15. Directors of the Saengerfest Athletic club have not yet called on Mayor Fleischmann for the permit. The mayor says he has not changed his position and that he would issue the permit as soon as it was called for, but it will be a permit for a sparring match such as is allowed under the Ohio statutes. Attorneys of the Saengerfest Athletic club are searching the statutes to ascertain whether that kind of a permit would stand for a contest for the championship of the world.

Offered to Kansas City.

Kansas City, Jan. 11.—Telegrams were received here from William A. Brady by Frank Jones and other local sporting men asking for a bid for the Jeffries-Ruhlin fight scheduled to be at Cincinnati Feb. 15. The matter has been referred to Convention hall directors, who will meet and consider the proposition at a special meeting. Convention hall, in which the contest would take place if brought to Kansas City, has a seating capacity of 20,000.

Payne Makes a Change.

Nashville, Tenn., Jan. 11.—Chancellor W. H. Payne of the Peabody Normal college has accepted the call to the chair of pedagogics in the University of Michigan, and has tendered his resignation to the trustees of the normal college.

Bought by the Southern.

Montgomery, Ala., Jan. 11.—It is claimed on good authority that the Southern railway has purchased the Baltimore Steam Packet company, for which it is stated that the Seaboard Airline also bid.

Chastising the Chastiser.

Marion, O., Jan. 11.—A schoolteacher named Thomas whipped Wesley Rush's son. Then Rush whipped the teacher, for which he was fined \$25 and costs, in all \$75.

Berlin, Jan. 11.—The exports from the South German consular districts in 1900 amounted to \$40,176,933, an increase of \$1,476,823. For the last quarter the exports aggregated \$10,523,666, a decrease of \$59,389.

BOERS ROAM AT WILL.

Discontents of Cape Colony Join the
Nomadic Warriors.

BRITISH SHIP LANDS REINFORCEMENT

England's Conquest of South African
Republics Instead of Being Over-
Seems to Be Spreading and Be-
coming Harder to Manage.

Cape Town, Jan. 11.—The British warship Sybil has anchored in Lambert's bay and landed a force of blue jackets and a number of guns. This force has constructed entrenchments.

Hertzog's main body, 700 strong, with two guns, crossed the Roggeveld mountains and is now probably in the neighborhood of Elandsdrift, 50 miles east of Clanwilliam. Hertzog's intention, apparently, is to move towards Ceres and Worcester. Only a few passes are passable for the guns, and the whole country is difficult to traverse. The passes are narrow and easily defended. According to latest reliable reports another party of 500 Boers has reached the Doorn river, 70 miles south of Calvinia. The authorities are doing all in their power to meet the situation. Refugees from Calvinia and Clanwilliam are flocking to Picquetberg road. They state that many poor whites are certain to join the Boers, as are also many bitter bondsmen in the neighborhood of Clanwilliam and Malmesbury, who openly declare that they intend to join the invaders.

A commando about 20 strong crossed the Orange river near Aliwal. It was met on the borders of the Aliwal, Wodehouse and Berkeley East districts by a body of police and mounted farmers and was repulsed with some loss. It will probably attempt to cross the river again.

Dewet was last reported in the neighborhood of Bothaville. All the towns in the Orange colony on the main line of the railway are strongly held by the British and the Boers show no disposition to approach them.

Report From Kitchener.

London, Jan. 11.—The following dispatch has been received from General Kitchener dated Pretoria, Jan. 10: "The Boers attacked Machadodorp last night, but were driven off before dawn. Hertzog's commando is in the neighborhood of Sutherland, Cape Colony. Settle is organizing a column to head him off. In the Midlands and eastward the Boers have broken up into small bodies, some returning north and some hiding in the mountains northwest of Jamestown."

Trenholm Taken.

New York, Jan. 11.—William L. Trenholm, who was comptroller of the treasury during Cleveland's first administration, died at his home in this city of pneumonia. Mr. Trenholm was born in Charleston, Feb. 3, 1836, and graduated from South Carolina college in 1855, marrying a year later Miss Kate Louise MacBeth of Charleston. Mr. Trenholm was the author of one book, "The People's Money." He was a member of the New York Chamber of Commerce, the Southern society, the Society for the Advancement of Science and numerous social and political clubs in this city. Since 1898 he was president of the North American Trust company.

High Prices For Fresh Meat.

Chicago, Jan. 11.—Prices for fresh meats reached the highest point for January since 1894. With 8,000 cattle, 30,000 hogs and 10,000 sheep on the market at prices ranging from \$4.50 to \$5.50 for cattle on the hoof, hogs \$5.10 to \$5.47, and sheep \$3.50 to \$4.50, the consumer was forced to pay 22 cents per pound for a porter house steak, 10 cents per pound for pork chops and 20 cents per pound for choice cuts of lamb and mutton. The prices were: Sirloin, 20 cents; pot roast (beef), 7 to 12 cents; salt pork, 11 cents; corned beef, 6 to 12 cents. These prices considerably increased the cost to the heads of families.

Wronged Wife's Vengeance.

Kansas City, Jan. 11.—Mrs. P. H. Kennedy went to the office of her husband, who was agent of the Merchants' Transportation company, called him into the hall and shot him dead. Then she kicked his body and exclaimed, "Now, you will never seduce another woman." Mrs. Kennedy was formerly Lulu K. Prince. Kennedy married her unwillingly Dec. 4, 1900, and had sued for divorce. He was 30 and she is 20. Kennedy had broken his engagement with Miss Prince and cards were out for his marriage to another when her father and brother brought the recalcitrant young man to terms.

Much Ado About Nothing.

London, Jan. 11.—The basis of a report of an attempted assassination of

the Prince of Wales turns out to be that a harmless foreign musician followed the prince Wednesday when he was returning from shooting on the Duke of Devonshire's estate. The stranger ran when the detectives went toward him. He eluded them, but was identified later.

RIOTOUS RIVERS.

Kentucky Streams Can't Contain Flood
From Carolina Mountains.

Catlettsburg, Ky., Jan. 11.—Pigeon river is 14 feet above low water and is rising at the rate of one foot an hour. River men say it will go to 25 feet before the rise begins to recede. Its record is 20 feet in 1875. Fully \$1,000 worth of lumber swept by Catlettsburg. Log booms have broken and many rafts are being lost. Fences have been destroyed, driftwood has been swept away.

Fully 25 miles on either side of the river is given up to wheat fields and these are submerged. They are expected to be total losses, thereby causing the farmers much financial suffering. The large warehouse of the Navigation company, at Catlettsburg is about to be submerged, the water having reached it. The French Broad river is also rising rapidly being 5 feet above. Its record is 25 feet in 1875. The Tennessee river at Knoxville is 5 feet above and is rising from six to eight inches an hour. It will likely reach from 15 to 25 feet, as the water from the Pigeon and French Broad must come this way. River men are preparing to protect themselves against the high water in the Tennessee. The high water originated in the North Carolina mountains.

Sat Down on by Germany.

Berlin, Jan. 11.—There seems no longer any doubt that Germany declined the United States proposal to submit the articles in the China agreement relating to indemnities and commercial treaties to a conference to be held at Washington or elsewhere, but it is believed Germany agrees to the new American proposals for accelerating the negotiations at Peking. The German foreign office, answering a direct question, admitted that the German answer has been sent to the United States, but declined to state the terms, leaving them for the Washington authorities to publish. It was intimated, however, that the answer was not favorable. The exchange of views between the various interested cabinets has been completed and the matter is now regarded as ended. The foreign office does not believe the United States lays great weight upon the proposition or that it will press it.

Afraid of Pooling.

St. Paul, Jan. 11.—It is believed that a solution of J. J. Hill's activity in railroad affairs is his fear that pooling may be legalized by congress. President Hill says such a law would be a calamity, and that the only way to prevent pooling would be for the railroad interests to harmonize, and this could only be accomplished by a community of ownership of stock to control the policy of the roads. Mr. Hill said the traffic from ocean to ocean was vitally affected by this threatened pool, and that to protect his own interests he had secured stock in the St. Paul, Baltimore and Ohio, Erie and Northern Pacific. It is claimed a majority of the stock held by Mr. Hill in these roads was bought with borrowed money, the stock being held in trust as security.

Probably Brother of Bobs.

San Francisco, Jan. 11.—The contents of a letter found among the effects of the late Abraham Roberts, 70, who died Jan. 9 in a room on Howard street, has led the coroner to believe the deceased may have been a brother of Earl Roberts, the distinguished British general. The letter in question was written Nov. 2, 1894, by Harry Roberts, a brother of the deceased who is an accountant employed by the First National bank of Princeton, Ill. In the letter this passage occurs: "Our brother, General Roberts, is now, I believe, in charge of the English forces in Ireland." Abraham Roberts was poor and had no relatives here. His body is still at the morgue.

Barge Collapsed.

Pittsburg, Jan. 11.—Three foremen and 23 workmen were precipitated into the Monongahela river while loading a barge with steel rails for the Carnegie Steel company at Braddock. Two men are said to have been drowned and a third was injured so badly that he died a short time later. One other is missing and it is feared his body is beneath the rails at the bottom of the river. The dead are Edward Duffy, William Pope and Patrick Mally. The accident was caused by the barge collapsing owing to the heavy cargo.

Concord, N. H., Jan. 11.—In the caucus Senator Chandler was defeated for renomination. Judge Henry E. Burnham of Manchester was nominated to succeed him as United States senator.

SAVED FROM THE DEEP

Rescued Passengers of the Russie
Received In Open Arms.

END OF LONG AND FAITHFUL VIGIL.

Repeatedly the Life Savers Were
Lured Back Upon the Shore But
They Did not Despair—Delirious
Joy When Women Landed.

Marseilles, Jan. 11.—After a night of terrible suspense all of the passengers and crew of the French steamer Russie, from Oran, Algeria, which stranded near Faraman during a violent storm Monday, have been landed.

As the lifeline connected from the shore with the steamer parted again Thursday afternoon, when night set in no communication with the stranded steamer was possible. The last signalled message read: "We have not a scrap of food left. Consternation prevails on board." On receipt of this appeal the fishermen made two more plucky launches of their boat, but were beaten back, and as the Russie disappeared in the darkness those on board, apparently, were trying to launch their only remaining boat. The storm raged with renewed fury during the night, and only those who were compelled to do so stayed on the shore, part of them huddled beneath a tarpaulin and others seeking refuge from the gale in the Faraman lighthouse. At midnight two floats with lines attached were launched, but both attempts to reach the Russie were fruitless. In the early hours of the morning torches were lighted at the bow of the Russie and in response to the signal the fishermen made another effort to reach the wreck, but they were again tossed ashore and the crew of the lifeboat who belong to the fishing village of Carro, gathered around a bonfire made of wreckage from the steamer drenched to the skin and with teeth chattering from cold, but not discouraged. Their heroism finally was rewarded, as with daybreak the weather perceptibly moderated, the sea became calmer and the wind shifted from east to north. The Carro fishermen at 6:30 a. m. again put to sea. Spectators watched with fast beating hearts as the boat disappeared through the waves, approaching gradually nearer the Russie. Finally a rope was thrown, which the fishermen caught, and the lifeboat soon afterwards was alongside. Then above the howling wind rose cries of joy from those on board the Russie, which were re-echoed by the crowd ashore. Another boat, manned by four men, was launched and succeeded in reaching the wrecked vessel. A few minutes later the Carro boat left the Russie's side heavily laden. As she approached shore the occupants were seen to be women and one baby. The enthusiasm was delirious. The spectators plunged into the sea. Some of them dragged the lifeboat ashore, and others lifted the women out of the boat and carried them in their arms, through the waves, to dry land. One woman was clasped in the arms of her son, who had been waiting on shore since Monday. She swooned and had to be transported to the lighthouse on a stretcher, hastily constructed from wreckage, and covered with blankets. The other women collapsed from fatigue, cold and hunger. Their haggard faces and trembling limbs told of the awful experience they had gone through. It was unfortunate that want of foresight resulted in all the nourishment being kept at the lighthouse, two miles distant, for the sufferers had to walk there, assisted by their friends, before restoratives could be administered to them. The 4-oared boat next arrived with seven more passengers, and the lifeboats then made repeated journeys until all were saved and sheltered in the lighthouse.

Murdered at Manila.

Victoria, B. C., Jan. 11.—News was received by the steamer Empress of Japan that Mrs. William Holst of Port Blakely, Wash., was found in a Manila hotel, Dec. 6, murdered. Her husband was arrested. Both were among the crew of the bark Topgallant, which sailed from Hongkong Nov. 9 for Port Blakely, and was almost wrecked by typhoon and driven to Mahilla.

Sensible Sitkans.

Tacoma, Jan. 11.—Alaska advices state that the Sitka Indians, including the Eagle, Crow and Frog clans, who have been quarreling over the use of totems and other emblems of their respective clans, have decided, after a long conference to put aside their differences and make the American flag their tribal emblem.

Delaware, O., Jan. 11.—Carey B. Paul, 69, the wealthiest citizen of Delaware, died of pneumonia after an illness of three days.

"CHICKEN" TO THE FRONT AGAIN.

As the telegraphic dispatch published in the BULLETIN on Thursday seems to have been overlooked by some of our readers we give it editorial prominence to-day, since it denotes the reappearance of a malady which had been familiar to us from childhood and which, we supposed, had entirely disappeared—swallowed up, as it were, by a good deal bigger thing:

EMINENCE, KY., Jan. 8.—At the instigation of many citizens of Eminence and the City Council, Drs. Harris, Kelly and Smock, of Louisville, this afternoon arrived here and made an examination of the alleged cases of smallpox. After thorough examination they announced that the cases were simply chickenpox.

Now we ask all respectable citizens to make a note of this. The public mind has been so hopelessly obfuscated on this point that it requires three Louisville experts to "identify" our old friend—CHICKENPOX.

RIPLEY FINED \$50.

He Organized a Company of State Guards Without License of the Governor.

NEW CASTLE, KY., Jan. 9.—The trial of the Commonwealth vs. Garnett D. Ripley and others came to an end in the Circuit Court to-day, and resulted in a fine of \$50 against Ripley and \$10 against each of the other defendants.

The case grew out of the organization by Ripley of a company of State guards in Henry County last January, which company was at Frankfort under the Taylor regime. The point involved was that the company was organized without the "license of the Governor," as required by the statutes, and no record of the application of the company and its approval by Taylor was on file in the Adjutant General's office.

The question as to who was Governor was not involved, as the company was formed before Goebel was declared Governor and during Taylor's incumbency. It is said a motion for a new trial will be made.

There is talk in Lexington horse circles ament the proposed organization of the Blue Grass Trotting Circuit to embrace Maysville, Cynthiana, Paris, Versailles, Springfield, Bardstown, Richmond, Winchester, Mt. Sterling, Lebanon and Bowling Green. It is quite likely that representatives from the above named towns will meet in Lexington at an early date and talk over the situation, says the Danville Advocate.

A Deep Mystery.

It is a mystery why women endure headache, nervousness, sleeplessness, melancholy, fainting and dizzy spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phebe Cherley, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters cured me, and, although seventy-three years old, I now am able to do all my housework." It overcomes constipation, improves appetite and gives perfect health. Only 50c, at J. Jas. Wood & Son's drug store.

CENTURY MESSAGES

From Bishop Dudley, Gov. Beckham and Commissioner Yerkes,

Urging the Value of the Y. M. C. A. in Its Mission of Making Better Men.

A union meeting of the churches of the city will be held at the First Baptist Church to-morrow night at 7 o'clock in the interest of the local Y. M. C. A., which is engaged this month in an effort to secure sufficient funds to enable it to continue its good work among and for the young men of our city. The choirs of the various churches will unite in a song service, beginning at 6:45 o'clock. The regular service will begin at 7 o'clock. There will be two or three short addresses, each limited to ten minutes. You are cordially invited to attend and bring your friends with you.

In this connection, here are extracts from twentieth century messages from Bishop Dudley, Gov. Beckham and Hon. John W. Yerkes, sent to the Y. M. C. A. of Louisville, in which the writers give their opinion of the value and importance of the association:

Hon. John W. Yerkes: "A godly woman of Danville, now in her ninetieth year, said recently to a gentleman who had been honored by political preferment: 'I want to hear of you being not a bigger man, but a better man. The need and search of the new century, as of all past centuries, will be for the better men, and may God speed your association in its mission of making better men.'"

Gov. Beckham: "This association has done a remarkable work in the past in the advancement of the cause and principles of the Christian religion among the young men of this country, and I sincerely hope that in the coming century it may succeed in doing even greater good than in the past. Its purpose is a noble one; the good it accomplishes is great and everything should be done for its greater success and advancement in teaching to the young men of this country the beautiful and blessed principles of our Savior."

Bishop Dudley: "We are entering upon a new stage of our life's journey. We will go forth to meet this shadowy future which cometh, trustful and strong, because we know the King did not die with the old year, but ever liveth to go with us all the way that we go, and we shall be safe and happy whatever the new year brings. If only we shall hold fast to His hand; if only we shall be true and brave, and pure and gentle and tender as He was, then come weal or woe, come honor and prosperity, or desolation and pain, we shall be happy. Yes, happy; for we shall still be His sons, and it sons, then heirs of God and joint heirs with Christ in the kingdom which hath no end. I wish you good luck in the name of the Lord. I bid you work; yes work for Him while it is day, because the night cometh so soon in which no man can work."

The Court of Appeals has reversed the case of the Commonwealth against Crowell.

Miss Sallie Lamb has been quite ill her home on West Third, but was somewhat improved last evening.

Winchester has offered \$10,000 and ten acres of ground to secure the Kentucky Pythian Widows' and Orphans' Home.

A case taken up from this city was reversed by the Court of Appeals Friday, the Court holding that an indictment for renting houses to be used as bawdy houses or houses of ill fame, was good, and a demurrer should not have been sustained.

Christian Church.—Preaching to-morrow morning at 10:45 o'clock by the minister, Howard T. Cree. Subject, "The Eldership of the Church of Christ." All members are urged to be present. The public invited. Sunday school and Y. P. S. C. E. at usual hours. The congregation will join in the union service at the Baptist Church at night.

The announcement of Jailer I. L. McIlvain as a candidate for re-election appears in this issue. Mr. McIlvain is serving his first term and is deserving of a handsome endorsement at the hands of his party. It is a time-honored custom of the Democrats of Mason to thus honor faithful and efficient officials, and certainly none can show a better record on this point than Mr. McIlvain. It would be but proper and right to accord him the nomination by a unanimous vote.

Corresponding Secretary F. M. Rains, of the Foreign Missionary Society of the Christian Church, reports a gift of \$500 has been received on the annuity plan and that the gain in receipts for the first three months of the current missionary year was \$18,582.93. The receipts of the general fund for the first quarter were \$22,652.59. The Board of Church Extension has just received a gift of \$13,000 on the annuity plan from W. T. and Alice A. Goodhue, of Westport, Ky. There is now about \$275,000 in the church extension fund and the board has received \$25,000 since October 1, 1900. It is expected to reach the half million mark by 1905.

Wood Lewis and Bettie Bennett, colored, were married Thursday.

Fred Bertram sold to J. W. Mullen a house and lot on East Fifth street for \$680 cash.

Louisa Gordon Loudon, widow of Vachel Loudon, died a few days ago north of Ripley. In early life she was a member of the Dover M. E. Church.

MRS. JOHN POLLITT.

A Former Resident of Germantown Died Last Night at Bloomington, Illinois.

Relatives in this city are in receipt of a telegram bringing the sad news of the death of Mrs. John Pollitt, which occurred last night at 9 o'clock at Bloomington, Ill. She had been critically ill several days from a tumor.

Mrs. Pollitt was formerly Miss "Jimmie" Pollock, a daughter of the late Thurman Pollock, of Germantown, where she grew to womanhood. She was about forty years of age and is survived by her husband and three sons.

The remains will probably be interred at Bloomington, by the side of her father who died there a few years ago.

Rachel Fobiana has sued John Fobiana for divorce in the courts at Cincinnati. John denies all her charges, and then says that when they were married she had another husband living whose name was Newton McDonald. He declares she was married to that man at Aberdeen, on the 11th of October, 1873, by Squire Beasley, the marrying Magistrate of the Gretna Green of Ohio. In support of this he has an affidavit as to the records left by the old Magistrate, who is now dead. McDonald did not die until 1888.

A NATIVE OF MAYSVILLE

Passed Away a Few Days Ago at Louisville at the Age of Ninety-one Y-ars.

[Western Recorder.]

Deacon M. W. Sherrill, whose ninety-first birthday we recently chronicled, passed peacefully away early on last Saturday morning. He was born in Maysville, December 20, 1809. He came to Louisville in 1843, and has lived here ever since. He is the last of the members of the original General Association of Kentucky to pass away. This body was organized in the First Church of Louisville in 1837. When the Jubilee was held in 1887, there were seven survivors of the first organization. Now they are all gone, and the first body is now complete in Heaven. For over half a century he has served as a deacon of Walnut Street Church, in whose fellowship he died. He was buried Sunday afternoon, Pastor Eaton conducting the funeral.

EMPHATIC TALK.

The Kind That Carries Conviction to Every Maysville Reader.

Mr. M. C. Chisholm, of 343 East Second street, says: "Mr. Chisholm speaks in high terms of Doan's Kidney Pills. He procured them at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, and their use proved them to be an effective kidney remedy. I have heard others express their great appreciation of Doan's Kidney Pills and a medicine which cures kidney trouble is a most desirable one of which to know."

For sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

CURE

And all kindred complaints, due to an excess of uric acid in the blood. It accomplishes its wonderful results first, by purifying the blood and counteracting the existing poisons; second, by toning up the kidneys, liver and stomach, and thus enabling them to dispel all foreign and unnatural secretions. Don't delay. At this time of the year everything is conducive to these distressing and treacherous diseases. At the first symptom take this famous medicine. You will find it almost miraculous in its action and positive in its good results.

We Sold About Eight Hundred Rods

OF AMERICAN WOVEN WIRE FIELD FENCE

Tuesday, the 8th instant—a pretty good record for one day, hey? This goes to prove that farmers recognize a really good thing when they see it. The great demand for this fence of late has caused the factories to be run night and day, and there has been some delay in filling a big order we sent in some time ago. However, word has just been received that the shipment is on the way, and its arrival will enable us to supply purchasers on short notice. First come, first served.
